Nolvasan
Skin and Wound Cleanser
Contains 2% (w/v) chlorhexidine acetate
in a stable detergent base
DIRECTIONS FOR USE

General Skin Cleansing: Thoroughly rinse area to be cleansed with water. Apply sufficient Nolvasan Skin and Wound Cleanser and wash gently. Rinse again thoroughly.

Wound Cleansing: Rinse the area to be cleansed with clean water. A moistened gauze pad may be used to apply a small amount of Nolvasan Skin and Wound Cleanser to the affected area. Gently cleanse for 2–4 minutes. Additional water may be needed to obtain adequate sudsing. Repeat cleaning if necessary. Wipe away excess foam with a clean gauze pad. After cleansing, an antiseptic ointment or suitable dressing may be applied.

CAUTION: In case of deep or puncture wounds or serious burns contact a veterinarian. If redness, irritation, or swelling persists or increases, consult a veterinarian.

Avoid contact with the eyes and mucous membranes. If contact is made, flush promptly and thoroughly with clean water. Hypersensitivity to Nolvasan is rare; however, if reactions should occur, discontinue use.

Store at controlled room temperature 15° to 30°C (59° to 86°F).

For Animal Use Only

Not for sale or distribution in California.
